

Letter of Support

TO WHOM IT MAY CONCERN

The Score Group of Companies are one of Douglas Chero preferred testing, modification service company for the complete range of Douglas Chero products.

This non-exclusive support extends to modifications in the form of component changes, full engineering and spares back up, qualified field service and support of repairs, training and competitive commercial terms.

Score Group is qualified to provide field service and repairs and can offer specialist product training at competitive commercial rates.

All modifications are done in accordance to Score ISO 9001-2000 Quality Management System.

This special relationship is intended to provide customers worldwide with the highest level of support by combing Score Group's valve expertise with Douglas Chero's long experience in the design, modification and service of valves.
